## COMPANY PROFILE

Plusrite Electric (Jiangsu) Co., Ltd was founded in May 1986 in Changzhou, China, with the vision of becoming a recognized leader throughout the world in the manufacturing of high-quality lighting products. With our emphasis on continual innovation, excellence in manufacturing and customer driven service, today Plusrite Electric has grown into a global leader in the manufacturing and distribution of HID, tungsten halogen, fluorescent and other specialty lighting products.

In addition to receiving the ISO 9001 Quality System Certification, Plusrite Electric has received numerous awards for their outstanding products, innovative designs and international business enterprises.

With factories, distribution warehouses and sales offices located throughout Asia and North America, and expansion planned into South America and Europe, Plusrite Electric products are being manufactured to accommodate the rapidly expanding global marketplace. Currently there are more than 1000 different lighting products being sold in over 50 countries and regions throughout the world.

With the introduction of Plusrite Electric's signature brand, Plusrite, electrical wholesalers and lighting specialty companies throughout North America are turning to Plusrite Electric for a unique combination of reliable, low-cost, high-margin lighting products.

Product development is a high priority at Plusrite Electric. While striving to manufacture the best products possible, engineers and technicians are also working to expand the Plusrite product line. New products are continually being added to the lamp catalog.

As Plusrite brand is quickly becoming the brand of choice throughout the world, Plusrite Electric is proud to offer their mission statement to you, the customer:

*It is our mission to utilize teamwork and innovation to integrate the finest raw materials, global standard production techniques and the highest level of quality throughout our organization in order to provide every customer with the best products and service possible.*
